1879.

REPORT

OF THE

BOARD OF VILLAGE TRUSTEES.

To the Tax payers of the Village of Rutland :

Your Trustees, elected for the year ending April 30th, 1879, organized by the election of N. F. Page as President, and H. L. Verder as Clerk.

R. N. Patch was elected Street Commissioner.

The Trustees submit herewith a list of all orders drawn by them upon the Treasurer, with statement in detail of the expenditures :

The aggregate sum of orders drawn the current year,

exclusive of new water expenditures, is..... \$11,133 90

The debt for orders outstanding in April, 1878, was 9,352 89

\$20,486 79

There has been paid of orders drawn prior to May,

1878..... .. \$ 4,383 62

Of orders drawn the current year..... .. 8,067 19

Debt for outstanding orders..... .. 8,035 98

\$20,486 79

There was due from Water Commissioners, April,

1878 \$ 4,307 33

Interest to April, 1879..... .. 258 44

\$4,565 77

The Treasurer credits as received from the Water Commissioners, for repayment in part of this sum.....	\$ 1,600 75
Due from Water Commissioners.....	2,965 02
The board, through their committee, Messrs. Bates and Field, have settled with the Village Collector, who has paid into the treasury..	11,591 84
Leaving a balance due from Collector of....	1,044 83

A claim of A. C. Bates, J. B. Kilburn and others, amounting to \$531.74, for the construction of a sewer in the rear of buildings on the north side of Center Street, was presented to your Trustees, who thought best to refer to the tax-payers at the annual meeting.

The board have issued 5 per cent. Bonds, interest payable semi-annually, to the amount of \$44,500.00, for the construction of a new water line and funding bonds past due. Your Trustees have drawn orders on the Treasurer to the amount of \$28,274.23, in payment of bills for the construction of the new water line, certified to by the committee appointed by the village at a meeting held for that purpose.

A part of the bonds were sold at a premium of two and one-half per cent. There are bonds to the amount of \$2,500 00 in the hands of the Treasurer unsold, and your Auditor will recommend a disposition of them.

The following suits are now pending in which the village of Rutland is a party :—

Barney Winn vs. Village of Rutland This case is in the Supreme Court, has been argued and is with the Court for decision. It involves questions as to liability of village for sewers.

Catherine Winn vs. Village of Rutland. In County Court ; sewer.

Ad. of Catherine Lynch vs. Village of Rutland. In County Court ; sewer.

Mattie Kelley vs. Village of Rutland. In County Court ; sewer.

George L. Russell vs. Village of Rutland. In County Court ; water damages.

Post Holders vs. Village of Rutland. In Chaucery ; water damages.

The board through their committee, Messrs. Bates and Verder, made Geo. L. Russell, what they thought, a fair and equitable offer in settlement of his claim for water damages, which he declined.

The amount of orders now outstanding, is.....	\$ 8,035 98
Deduct from this, amount due from Water Commissioners	\$2,965 02
Due from Geo. Willis, collector.....	1,044 83
Cash in hands of Treasurer.....	574 99
	<hr/> 4,584 84

And we have a floating debt of..... \$3,451 14
An amount much less than a year ago.

The expenses for the current year, we estimate as follows :—

Fire department.....	\$ 1,500 00
Gas for streets.....	1,500 00
Other expenses, including night watch.....	2,000 00
	<hr/> \$5,000 00

To provide for outstanding orders, less the balances in and due the treasury, including the estimate for the current year, will require a tax of fifty cents on the dollar.

During the past year the board have built a lock-up in the Village Hall, that will accommodate eight persons, at an expense not exceeding \$125.00, which is deemed sufficient for the present. The Trustees' rooms have also been refurnished.

The reports of the Treasurer, Auditor, Chief Engineer, Water Commissioners and Water Committee are annexed, and the voters are referred to them for further details.

N. L. DAVIS,	} Water
W. C. LANDON.	
J. M. DAVIS,	
	Commissioners.

Rutland, April 23, 1879.

AUDITOR'S REPORT.

To the Village of Rutland :

Your auditor respectfully submits the following statement of the finances of the village.

BONDED DEBT.

Reservoir bonds, 6s. due July 1880.....	\$5,000 00
“ “ “ “ “ 1881.....	5,000 00
“ “ “ “ “ 1884.....	5,000 00
“ “ “ “ “ 1885.....	5,000 00
Funding “ 5s. “ Jan. 1899.....	13,500 00
New Water Supply bonds, 5s. due July 1893....	25,000 00
“ “ “ “ “ Jan. 1897....	6,000 00

Total water debt.....	<u>\$64,500 00</u>
-----------------------	--------------------

The annual interest upon the water debt is \$3,425, and the net annual income of the water works over interest and ordinary expenses is about \$4,000. There was probably an error of \$300 in the amount of water bonds reported last year as past due. All overdue bonds are now paid. The sum of \$1,600.75 received from water rents during the past year has been applied toward refunding the amount paid from village taxes for interest coupons on reservoir bonds ; leaving (including interest) a balance of \$2,965.02, to be paid hereafter. The village authorized the issue of bonds to the amount of \$16,000 to be applied in payment of the water debt, of which only \$13,500 have been sold ; \$2,500 remaining in the hands of the Treasurer. If it should be deemed best, these bonds might be sold and the proceeds applied in liquidation of the balance above mentioned.

Water rents for the past two years to the amount of \$3,-436.31 remain unpaid. The unpaid rents are constantly increasing.

ESTIMATES FOR WATER DEPARTMENT, 1879-80.

Income from water rents over ordinary repairs..	\$7,500 00
Cash in hands of Commissioners.....	229 99
Unexpended balance in treasury, being proceeds of the sale of water supply bonds.....	3,056 90
Estimated value of unpaid water rents.....	3,000 00
	<hr/>
	\$13,786 89
Less balance of interest due treasury, 2,965 02	
“ interest to be paid on bonds....	3,425 00— 6,390 02
	<hr/>
Balance.....	\$7,396 87
To which add proceeds of \$2,500 funding bonds,	2,500 00
	<hr/>
Balance.....	\$9,896 87

After deducting such an amount as may be necessary to pay any claim of damage arising from the laying of the new water pipe, this balance can be applied to the reduction of the bonded debt or to the extension of the works and the enlargement of distribution pipes.

OTHER LIABILITIES OF VILLAGE.

Trustees' orders outstanding, old.....	\$4,969 27
“ “ “ new.....	3,066 71
Interest on the same, estimated.....	400 00
Coupon on water bond unpaid.....	2 50
	<hr/>
	\$8,438 48

ASSETS.

Cash in hands of Treasurer.....	574 99
Taxes “ “ Collector.....	1,044 83
Due from water fund for interest coupons paid.....	2,965 02— 4,584 84
	<hr/>
Balance of liabilities over assets.....	\$3,853 64
Trustees' estimate for current expenses.....	5,000 00
	<hr/>
Balance to be provided for.....	\$8,853 64

This will require a tax of 50 per cent. upon the grand list of the village.

The aggregate of the village and highway taxes on the list of 1878 was. \$13,268 45

Abatements allowed. 242 17

Collection fees allowed 389 61— 631 78

\$12,636 67

Amount paid into treasury. \$11,591 84

“ in collector's hands. 1,044 83—\$12,636 67

R. BARRETT, Auditor.

Rutland, April 24, 1879.

Engineer's Report.

To the Trustees and Voters of the Town of Rutland :

The undersigned, Chief Engineer of the Fire Department of the Village of Rutland, agreeably to the provisions of Section 4 of "An ordinance establishing a Fire Department," herewith submits his annual report of the property belonging to the Department, the condition thereof, the losses by fire, and causes thereof, and insurance thereon, "so far as they may be ascertained," etc., as required by said ordinance.

FIRES.

During the past year the Department has been called to, and rendered service at fires, as follows :

1878.

- April 16. Mrs. Burt's house, Strong's Avenue, a small one story house ; total loss, \$50 ; cause, incendiary.
- April 21. Globe Building, Merchants' Row, owned by Sawyer & Cramton ; loss on building \$1,200, insured ; Herald & Globe, loss on stock and presses, insured ; Globe Paper Co., loss on press, &c. ; insured ; cause, supposed to be spontaneous combustion.
- May 1. E. D. Keyes, Grove St., house and barn ; total loss ; insured, \$2,700 ; cause, accidental.
- May 3. John Gordon, Woodstock Avenue, one and one-half story house ; total loss ; insured, \$500 ; accidental.
- July 24. Alarm ; Austin & McMahon's smith shop, West St. ; no damage.
- Aug. 4. Patrick Fagan, Jr., River St., small wood house ; total loss ; insured, \$250 ; cause, accidental.
- Aug. 19. John McGowan, Hopkins St., one and one-half story wood house ; total loss of house and most of furniture ; insured, \$800.

- Aug. 24. Bat. Collins, Main St., house occupied by Nelson Hummel ; house, total loss ; partial loss on furniture ; insured, \$200 ; cause, kerosene lamp.
- May 24. Mary McDonough, Main St. ; house, total loss ; insured, \$300 ; cause accidental.
- Sept. 11. Mansfield & Stimson, Howe St. ; foundry ; damage small ; accidental.
- Oct. 19. John Foley, Mineral St. ; house, damage slight ; cause, children playing with matches.
- Nov. 28. Capt. S. H. Kelley, Church St. ; school house ; total loss ; insured, \$1,200 ; supposed incendiary.
- 1879.
- Jan. 17. Joseph Mailhoit's, Green St. ; two and one-half story wood house, occupied by three families ; total loss of house and furniture ; insured, \$1,600 ; cause, defect in chimney.
- Feb. 26. Alarm ; Merchants' Row ; Bates House ; chimney ; no damage.
- April 1. Andrew Mangan, Strong's Avenue ; total loss of house ; insured, \$250 ; accidental.
- April 24. James Gilfeather, back of Round House ; house consumed ; insured, \$500 ; cause, defect in chimney.
- April 26. Mansfield & Stimson ; foundry ; loss, \$100 ; no insurance ; accidental.
- April 26. J. & T. Caden, Freight St. ; store, adjoining house and barn ; loss, \$20,000 ; insured, \$10,000 ; cause accidental.

I present herewith a statement of the property in charge of each company ; also, a list of the officers and members of each company.

W. C. LANDON,

Chief of Fire Department.

RUTLAND, VT., April 26th, 1879.

Officers of Fire Department.

REPORT OF THE WATER COMMITTEE.

To the Village of Rutland :

The committee appointed by you to carry out the plan for supplying the village with water from East Creek, hereby submit their report.

The necessary authority was conferred upon the committee at a meeting held May 28, 1878, at which time various estimates were furnished.

It is with great pleasure that your committee are enabled to report that the work has been completed at an expense very much less than the lowest of the original estimates, or the expense contemplated by your vote. Much credit is due to Mr. L. E. Roys for his location of the excellent line which was adopted. According to estimate No. 3 of Percy M. Blake, Esq., an engineer of great experience, the cost of the conduit and inlet work exclusive of a standpipe was estimated at \$60,080.40. The committee appointed at a previous village meeting estimated the same at \$46,000. Neither estimate included land damages or incidental expenses. The actual cost is as follows :—

Inlet work,...	\$ 3,991 52
Conduit pipe, including valves, blow off and drain pipes,.....	22,089 23

Inspection of pipe at factory,.....	234 83
J. M. Davis, inspection of work,...	300 00
L. E. Roys, engineering,	500 00
Teams,	96 50

Total amount expended by Committee..... \$27,212 08

This is less than half the estimate of Mr. Blake, and less than three-fifths the estimate of the committee. To this may be added bills for

Advertising and printing,(including bonds), \$167 00

Recording surveys, &c.,..... 4 85

Land damages paid, 743 00

Paid P. M. Blake, for survey, plan and

estimates, under a previous vote,... 447 30

1,362 15

Total cost, including all expenses,..... \$28,574 23

There are two small claims for land damages, and one for damage to water power which are in process of settlement.

The tools and material remaining on hand upon the completion of the inlet work, were turned over to the Water Commissioners.

The contract for furnishing and laying the conduit pipe was awarded to Thomas H. Regan of Philadelphia, and the Gloucester Iron Works. We can say that, in every particular, Mr. Regan has fulfilled his contract, and completed the work to the entire satisfaction of the committee. A contract for part of the inlet work was awarded to Manley & Ross, and the balance was completed by day labor.

We have had the hearty co-operation of the Village Trustees, and have acted in harmony with them. They have our thanks for their confidence, which we trust has been deserved. They are entitled to much credit for their promptness and good judgment in the settlement of claims for land damages.

There is now an abundant supply of very pure water. That the village may reap the full benefit of the present supply of water, it is necessary that larger distribution pipes should be

substituted in some localities. This should be done with a view to future extension, as, from time to time, the needs of the village may require. With the addition of sufficient hydrants, the security from destructive fires would be increased and the efficiency of our fire department promoted. A judicious expenditure of not exceeding \$15,000 would, in the opinion of your committee, be sufficient for these purposes.

RUTLAND, VT., Nov. 24th, 1878.

Survey for Sewers.

To the Village Trustees :

Gentlemen :

In compliance with your request, I have made surveys of the proposed routes for sewer on the west side of the railroad in this village.

The problem differs from all former ones respecting this sewer in this: heretofore it has been a question of disposing of the water which, at the present time, is conveyed to East Creek by the School street sewer; now it is proposed to provide for that, and in addition, to provide for the drainage in the vicinity of Cherry, Franklin and Granger streets, as well as the territory lying to the south of them.

At the present time this drainage discharges through a sewer and culvert into an open ditch near the intersection of Forest and Cherry streets.

Another sewer from Union street crosses Forest street and discharges into an open ditch on the west side of Forest street.

These sewers and the natural drainage in this vicinity, all tend to a common point in the low ground about two hundred feet west of Forest street, and from this point they flow in an open ditch to Pierpoint's cove.

In view of the trouble experienced with the School street sewer, and that portion of the sewer between School street and the railroad, it is proposed to run the sewer directly from the railroad to the low ground west of Forest street, already referred to, and which I will designate the "junction."

Also, to continue the sewer from Forest street—near Cherry street—to this "junction." Also, to continue the sewer in

Union street, from Forest street to intersect with the sewer from the railroad to the "junction."

I would recommend a 36 inch iron pipe from the railroad to the "junction." Also, a 36 inch pipe from Forest street to the "junction." Also, a 20 inch pipe from Forest street to intersect with the pipe from the railroad.

From the "junction," I would recommend a 48 inch pipe to Pierpoint's cove.

The distance from the railroad to the "junction" is 1,141 feet. Fall, $9 \frac{67}{100}$ feet.

From Forest street to "junction," 189 feet. Fall, $1 \frac{5}{100}$ feet.

From Forest street to intersection with pipe from railroad, 100 feet.

From junction to Pierpoint's cove, 832 feet. Fall, $3 \frac{48}{100}$ feet.

ESTIMATED COST OF SEWERS.

From railroad to "junction,".....	\$4,415 80
" Forest st. to "	759 50
" " to intersection with pipe from railroad,	46 40
" "junction" to Pierpoint's cove,.....	4,221 75
	<hr/>
	\$9,443 45

The above pipes to be $\frac{3}{4}$ inch thick, laid with leaded joints.

It has been suggested to run the pipe from the "junction" to a point near the mouth of the present open ditch and thence into Pierpoint's cove, but I am of the opinion that that would not be judicious.

Respectfully,

J. J. R. RANDALL.

Rutland, Vt., April 25th, 1879.
